Our Extreme Clean Commitment: Cleaning, Disinfecting, Distancing and Protection

Ride Safe

Every motor coach is thoroughly cleaned and then disinfected before and after each use as follows:

- Removal of all dirt and debris, flooring mopped
- Special focus on disinfecting high touch points such as entrance area handrails, parcel rack handrails and door latches, and window release bars, plus
  - Passenger seat headrests, armrests, seat belts and seat accessories
  - All surfaces in the restroom, including door handles
  - All surfaces within the driver’s area

Onboard air quality is optimized as follows:

- Cabin air completely exchanged with fresh, outside air approximately every 10 minutes
- HVAC system filters recirculated air with MERV 5 or higher rated filter media, removing respiratory droplets

We help everyone stay safely distanced:

- Physically distanced seating applies, though members of the same household may sit together
- Your driver is trained in social distancing protocols and will practice these techniques throughout your travel experience

Ride Smart

- Hand sanitizers provided on board
- Passengers are encouraged to wear a face covering; it’s required for our drivers
- Maintain physical distancing as you enter and exit the coach
- PLEASE do not travel if you’re sick – we can always help you another time

Ride With Confidence

- We consistently comply with guidance as provided by our industry associations, as well as the CDC, WHO and local governments
- Our drivers, technicians and staff have been trained in best practices, including those related to baggage handling
- Our additional investments in intensified cleaning and protection help ensure a sanitary environment

We are going the extra mile to keep our coaches clean and safe for you based on current federal guidelines.
